Abolish/ Defend/ Repair – Action from the local to the international on a warming fascist planet.

Wednesday, 17 June 2020 10:30 (1h 30m)

Against a backdrop of fascist resurgence and climate breakdown, this conversation brings together active projects for liberated global futures. From anti-racist action to extractivist abolition, from grounded community defence to global solidarity, and from recommoning to reparation – voices around this table work through old and new tactics for building local commons and reviving internationalism.
