BISA Colonial, Postcolonial and Decolonial Working Group Prize Panel

Friday, 17 June 2022 13:15 (1h 30m)

This roundtable examines the way in which IR journal editors can increase the geographical diversity of the authors. At presents the majority of articles are written by authors who work in Western Europe, North America or Australia and New Zealand (WENAANZ). This Roundtable will seek to understand why this might be the case and how to include more articles by authors working in institutions located outside WENAANZ.
