## Space, security, and foreign policies in South East Europe

*Friday, 23 June 2023 16:45 (1h 30m)*

This panel examines different dynamics of space, security, and foreign policy in SEE. The papers examine the interplay of EU negotiations and the rise of authoritarianism in Turkey; Byzantine political thought and international cooperation; the regional component of far-right votes in relation to migration and employment in Greece; anti-corruption knowledge production practices; and policy responses to the Russian invasion of Ukraine.
