Vernacular and everyday securities in policy and practice

Thursday, 19 June 2025 09:00 (1h 30m)

This panel seeks to explore the political and/or intellectual implications of contemporary approaches that challenge and reconceptualise how 'security' is understood. It is particular interested in 'vernacular' or other 'bottom-up' approaches to interrogating security perceptions, experiences, policies or practices.

Track Classification: Security Policy and Practice
