## Revisiting Nuclear Nonproliferation and Disarmament

*Wednesday, 18 June 2025 10:45 (1h 30m)*

This panel revisits key debates in nuclear nonproliferation and disarmament and analyses the effectiveness, challenges, and future prospects of the global nonproliferation regime. Through case studies on HEU minimization, North Korea, quadrilateral diplomacy, and disarmament rhetoric, the panel provides an exploration of the tensions and opportunities shaping the path toward a nuclear-free world

**Track Classification:** Global Nuclear Order Working Group
