The Evolving EU Security and Defence Policies

Thursday, 19 June 2025 10:45 (1h 30m)

This panel reflects on various challenges to the European Union's security, with specific regard to CSDP. From tracking recent developments in response to the COVID-19 Pandemic and Russia's invasion of Ukraine, to delving into specific actors and policies, the panel employs a variety of qualitative and mixed methods to better understand current and future directions in CSDP.

Track Classification: European Security Working Group
