## **(Re-)Building our Nuclear IQ: Scholars and Practitioners in Conversation**

*Wednesday 3 June 2026 09:00 (1h 30m)*

This roundtable brings together diverse experts within the nuclear field to explore how the United Kingdom and its allies can better navigate a rapidly changing nuclear order. Key issues addressed by this discussion include the relationship between nuclear and conventional platforms, the politics of nuclear deterrence and disarmament, and the implications of evolving Russian and Chinese nuclear capabilities. The session furthers efforts to build a “community of practice” for sustained dialogue between scholars and practitioners in the Third Nuclear Age.

**Track Classification:** Global Nuclear Order Working Group
