Friday 5 June 2026 10:45 (1h 30m)

This panel focuses on Tim Summers' newly published *Global China: A Critique of Chinese and Western Narratives* (British University Press 2025). This insightful book explores evolving perceptions of China, contrasting dominant Western narratives with Chinese perspectives. The book critiques three prevailing views of China's rise: the return of geopolitics, challenges to liberal order and prospects for collaborative governance.
